Section A: Guess who?
Create an emoji for the three teachers of digital literacy.

These are the three emojis I made for the teachers of digital literacy, using the app animoji from iphone.

Section B: Solve the riddle.

◈ The solution to the riddle is office 365, and it's an app used for learning and work. Office 365 can be found on the internet when you type Office 365.

◈ link to office 365

Section C:Food Recipe Theatre.

◈ After looking at many french fries recipes, this one stood out the most to me because it seemed very easy and interesting. Unfortunaltey this recipe did not include the name of the recipe or the amazing chef behind it, but it sure is amazing. I also got the video from youtube.

Section D: Hit the post!

⬥ This is a snippet of an inspirational blog post by Marie Forleo, which is an American Entrepreneur. I found this blog on google while looking through some blogs, and I really liked this blog because it was very motivitional to me and it made me just want to work on stuff and improve.

HOW TO GET MORE DONE IN LESS TIME WITHOUT BURNING OUT

While there's nothing like a brand new calendar year to signal a fresh start, I want you to remember one important thing… Life isn't a race to push yourself through. We live in a culture that glorifies the hustle–24/7 mentality. If 2020 taught us anything, it was that non-stop busyness isn't sustainable, healthy, or joyful….

Section E: Hash Tag It!

hash tags from.

Section F: Its Photo Time!

The photos on the top are the originals, and the photos on the bottom are the ones with filters.

This is the abstract photo, it's a photo of raining falling at the night time, and I took the picture with a flash so you can see the rain falling. I also chose this filter because it make the rain pop out. Filter name: Dramatic Cool

This is something that symbolizes the kodiak bear because, the bears scrap up trees so they know where their territory is. I chose this filter because it makes the tree scratch look better and it has a better contrast. Filter name: Dramatic Warm

This is a picture representing nature, because it's a very tall tree. I took this picture with a flash so the light slowly fades giving it a cool look. I chose to use this filter because it gives a very warm and night time vibe. Filter name: Vivid Cool

Section G: Whats the Word?

◈ I chose this Wordle because its very eyecatching and intersting, it also included a lot of good words describing digital literacy.

Section I: Coding is cool!

Link to Coding game, This is the coding website I chose because, I have used it before and its very informational and fun.

Heres a link to some coding information, before I started this section I read this post to get a better understanding of coding.

I chose this video because its very simply and informational.

Section J: The Do's and Don'ts of Digital citizenship.
