The post begins with the quote: "Take care of the earth and she will take care of you." ~Unknown. The text continues: "The morning the sky turned red and the sun didn't come out, I decided I wanted to sell my car. In a strange way, it seemed like ...". To the right of the main content is a sidebar with a quiz titled "ARE YOU LIVING IN THE PAST?" with "YES" and "NO" buttons, a search bar, and a "Stay Healthy!" promotion for a 30-day challenge with a "SUBSCRIBE" button.

SECTION K: DIGITAL RESEARCH FOR EACH OF THE FOLLOWING, BE SURE TO EXPLAIN HOW YOU FOUND EACH ANSWER

Robin Williams is the one who said “Carpe diem! Seize the day, boys. Make your lives extraordinary.” The way I found out who says that fraise was by googling who said it.

The song in sound file I is called “I ran so far away” be A Flock Of Seagulls. This was a song I new so all I had to do was search the song up to find the band and get the image.

the creature in Image I is a frilled shark which is now an extinct animal. The way I found the creature was by searching up sea animals and looking at pictures to find what I was looking for.

Were I found my information: Work cited:
