- No interactions with humans
- Animals will have the right and opportunity to share their opinion

SNOWBALL

'Equality Is Our Philosophy'

A leader who believes in the true values of Animalism

Advantages

"As opposed to the other presidential nominees, I truly have the potential to shape an extraordinary society here on Animal Farm. Boxer, Clover, Benjamin, Moses, and Napoleon, are all coming of age; they do not have the same fresh perspective on how to manage a community. The candidates are all also shy, or passive in a sense, for not willing to put in the effort into becoming a successful civilization. Comrades, I Snowball, am your voice and will provide the exertion needed, in order to fulfill your dreams, and ultimately, create the society that you envision."

- Snowball
