

A LETTER FOR

# *Lan Anh in the future...*

Hey girl! Are you happy? Do you keep following your dream? Maybe you will feel so ridiculous when a 16-year-old girl tries to give advice for an adult. But trust me, you will never regret.

The more we grow up, the more traps we have to face within life. You should never put all your belief in social media and human except our family. Social media is freedom but not everything is the truth. And you have to be careful with climate change because of it gets more and more serious. I hope when you read this letter human can find another planet to live.

There is some advice I want to give you. Firstly, family is the most important thing so you have to take care of them. Secondly, always try your best in your achievement and always have future plan to not be confused when you decide to do something.

IN THE END, I WISH YOU HAVE A HAPPY LIFE. REMEMBER DESPITE THE WORST SITUATION, YOU NEED TO STAND UP AND KEEP WALKING ON YOUR WAY.

*Your truly*

*TRAN NGOC LAN ANH*
