

## Sway Multimedia Project

Name of App : Quizlet

The app (Or you can use the website) Quizlet is an app that gives you quizzes and flash cards about any specific topics. Its name was based on the word Quiz, which is what it's all about. This source was created by a man called Andrew Sutherland in 2005, to help him ace a French vocabulary test. He ended up sharing it with his friends and peers and now they have over 50 million students and teachers using Quizlet to help study and ace tests in every subject.

- It helps students' study for tests using flashcards and quizzes
- Teachers can share this program to test their students
- It can help you when you don't understand a topic
- The topics and subjects on this app are endless
- Quizlet can teach you new things about new topics

- It might not have the same wording as the test
- Some topics might not be in the cards or quiz you picked
- New questions or topics that you haven't studied might be in the quizzes
- It could be hard to navigate
- This app makes it very hard to memorize things
